

Company Profile

Safe Plastomer Pvt. Ltd.

Shaping the Future of Intelligent Packaging

1. Company Introduction

Safe Plastomer Pvt. Ltd. stands as a renewed identity of excellence, built on the strong foundation of **Safe Packaging**, which began its journey back in **2008**. After 17 years of consistent growth, technological advancement, and expanding client trust, the company stepped into a new era on **1st December 2025**, rebranding itself as **Safe Plastomer Pvt. Ltd.** and relocating to a modern production facility.

This transformation reflects our commitment to innovation, quality, and the evolving needs of the Flexible Film for Sustainable Packaging Industry.

2. Founder & Leadership

Mr. Amit Tibrewal

Founder, Director & Visionary Leader

With profound industry acumen and a forward-thinking leadership approach, **Mr. Tibrewal** has transformed the company from a **modest manufacturing unit** into a **trusted, end-to-end sustainable packaging solutions provider**, renowned for its **reliability, innovation, and high-performance delivery**.

Thought-

A successful industrialist is the one who sees opportunities hidden within every challenge. While others count obstacles, he discovers solutions and creates a path forward. The person who understands risk and shows courage at the right moment is the one who truly reaches new heights of growth.
